- * Validate sempre il vostro CSS per essere sicuri aderisca alle specifiche ufficiali

Esercizi

- * Creare un semplice file HTML `index.html` (validato W3C) e collegare ad esso un file CSS `mystyles.css` (validato W3C) che applica le regole viste prima, o qualche loro variazione
- * Nella regola seguente ci sono almeno tre errori. Quali?

```
<!-- il mio primo file CSS -->
p {
color = red;
background = green;
}
```

Esercizi

- * Non è consigliabile usare il valore `blink` per la proprietà `text-decoration`. Perché?
- * Modificate il file `mystyles.css` (esercizio precedente) in modo che tutti i paragrafi abbiano font **Helvetica** di dimensione **14pt**. Tutti i titoli, inoltre, devono avere come sfondo una piccola immagine `myimage.jpg`.
- * Identificate gli errori nel seguente codice CSS:

```
p {  
background color: red;  
foreground-color: yellow;  
Font-Family: Times New Roman, serif;  
}  
h1, h2, h3 {  
font-style: bold;  
font-size: 24em;  
}
```

 - * inserire le regole una alla volta

Traveler Times Newspaper

Latin America

Puerto Escondido: Sun, Surf, and Sand

Puerto Escondido is known for one of the world's best surfing beaches, Playa Zicatela. It has a beautiful yellow sand beach and huge world-class surfing waves (but be careful if you go swimming...the current is very strong!).

Here is a picture of a surfer at Puerto Escondido... ¡Qué onda!

Tikal: Mayan Ruins in the Guatemalan Jungle

Tikal is the largest of the ancient ruined cities of the Mayan civilization. It is a really awesome, magical place. If you go to Tikal, you have three main lodging options:

- **Tikal National Park:** Fancier hotels.
- **El Remate** (~30km away): Hotels or hostels.
- **Flores** (~50km away): Hotes or hostes.

Europe

Drunk in Dublin

Thiowin' back pints with the locals in Dublin this past summer made me really appreciate the pub cuture. The top three bars in Dublin for good "craic" (i.e. good fun) in order of my preference are:

- I. Davy Byrne's
- II. Kehoe's
- III. Long Hall

The price of a pint of beer is about €3. Although I would recommend the cider (around €3 a pint).
